

Know the tilt angle of your forks at all times!

SAFE-TILT: Tilt Mast Fork Levelling System

ONLY \$129!

INSTALLS IN LESS THAN 1 HOUR!

FOR TILT MAST TRUCKS!

FEATURES

- Saves time with tilting
- Less product damage
- Increases safety
- Fits any tilt mast lift truck
- Neatly fits behind the mast rail so it does not negatively effect visibility
- Located at eye level so it is easy for the operator to quickly glance at fork level.

The Safe-Tilt easily mounts on the lift truck mast telling you the exact position of the forks (park, level and travel). The Safe-Tilt also comes with sticker labels to specify additional tilt angles.

With easy installation, calibration and operation, the Safe-Tilt is a must-have for any tilt mast lift truck operator.
