Wire Mesh Pallet

Stronger than wood, cheaper than plastic!

Heavy duty 2" x 4" galvanized wire mesh pallet features 13 gauge stringers that run the pallet's full length. The wire mesh eliminates fire hazard and insect infestation of traditional wood pallets. Allows 4-way entry! 4,000 lb static capacity, 2,500 lbs dynamic capacity (uniformly distributed loads).

Any standard pallet truck can enter from any side!

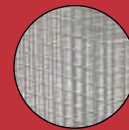

| Size | Part # | Weight | 1-20 |
|----------------|--------------|--------|---------|
| 48" x 40" x 4" | NPR-4840-3-B | 45 | \$75.00 |
| 48" x 48" x 4" | NRP-4848-3-B | 50 | \$85.00 |

Traditional wood pallets present problems such as **fire hazards** and **insect infestation**.

Collapsible Wire Mesh Containers

High visibility & ventilation for parts storage

The mesh design of these containers allow you to view the contents without even opening them! They feature a front-drop gate for easy access. Electro-galvanized after welding for extended life, they have a reinforced understructure and flared legs. Units can be easily stacked up to 4 high and when empty, they fold flat in seconds. High-impact polypropylene casters (two swivel, two locking) are optional.

Mesh allows you to SEE THE CONTENTS at all times!

Available with OPTIONAL CASTERS for easy movement!
